NEW ISLAND'S EDGE
UNEXPECTEDLY REFRESHING.

Island's Edge stout is a refreshing new take on smooth & creamy. With softened bitterness, a harmonious blend of roast & chocolate notes and an unexpectedly refreshing finish. Island's Edge is a modern take on stout for the next generation of stout drinkers."

The stout itself is made in Cork. What's different in Islands Edge is its inclusion of Tea & Basil as ingredients.

Like, what's the one thing that could make a pint of black stuff more Irish only tea!
